- Professor Thomas Rades, UCPH
- President, Professor, MD., Yingsheng Cheng, SPH
- Director, Professor, MD, Lianfu Deng, Ruijin
- Professor Hélder A. Santos, UH

The FCTM will comprise over 100 top researchers from the Nordic countries and China, and we hope to promote the practice, education, training, and exhibition of different therapeutics, biomaterials and technologies for their clinical translation. Through this forum, we will also strengthen the collaboration between all Nordic POP associated European Universities and research institutes with China Universities and Hospitals.

The registration is free of charge for the Nordic POP audience and the guests from China hospitals. The conference will feature a welcome event on 29th of August in the Åbo Akademi University main building (Tuomiokirkontori 3) for guests and a cruise dinner with steamship Ukko-Pekka (<https://www.ukkopekka.fi/en>) on the evening of 30th of August.
